

# IP1648M

SKU: 203975

Managed PoE Injector, 16 Channels, RJ45, 10/100MBit, 19", 1RU, 115/220VAC

## Main Features

16 channel PoE Injector

15,4W per channel (IEEE802.3af)

With monitoring/control capability

LED status indicator per channel

19" rack mount

Only 1RU high

115/220VAC

## Specifications

|                           |                   |
|---------------------------|-------------------|
| Type                      | PoE midspan       |
| Ports                     | 16                |
| Wattage per port          | 15,4W             |
| Gigabit                   | no                |
| Output voltage            | 48V               |
| Remote control            | yes               |
| 19" rack mount            | yes               |
| PoE standard              | PoE (IEEE802.3af) |
| Operating temperature     | 0°C ~ 65°C        |
| Manufacturer order number | IP1648M           |

# IP1648M
