

# EE328

SKU: 99026

Ethernet, PoE Extender, 1 Port, Extension of 100m (up to 600m maximum)

## Main Features

- Each unit extends the cable run by 100 meters
- Transmits up to distances of 600meters / 2000ft.
- Supports any network device, including IP cameras
- Supports megapixel cameras

- Fully transparent to the network
- Easy to install, no set up required
- Optional PSU for non-PoE switches

## Specifications

|                           |                   |
|---------------------------|-------------------|
| Type                      | PoE extender      |
| Ports                     | 1                 |
| Gigabit                   | no                |
| Output power              | n/a               |
| Input power               | n/a               |
| Extension                 | 100 m             |
| PoE output                | PoE (IEEE802.3af) |
| PoE input                 | PoE (IEEE802.3af) |
| Operating temperature     | -10°C ~ +60°C     |
| Manufacturer order number | EE328             |

## Optional Accessory

| SKU | Name | Description |
|-----|------|-------------|
|-----|------|-------------|

# EE328

Continuation of accessory
